

TRADE IN & TRADE UP

UPGRADING YOUR LAB JUST GOT EASIER ▶

With MP Bio's Trade-in Program

Trade-in your old MP Bio or competitor instrument and trade-up to a new FastPrep-24™ Classic, FastPrep-24™ 5G, FastPrep-96™ or for store credit to use at www.mpbio.com.

Get started today at:

www.mpbio.com/homogenizer-trade-in

1 VALUE YOUR DEVICE

Fill out our online form to have your current instrument evaluated by a trained technician.

We will contact you to discuss the different options to replace your old instrument.

2 RECEIVE YOUR NEW FASTPREP

MP Bio will help make arrangements to ship your old machine.

More Advantages with the Trade-In Program

Enjoy even more savings on our FastPrep® accessories and consumables.

FastPrep® interchangeable
sample holders

Lysing matrix tubes

DNA, RNA and protein
extraction and purification kits

We offer complete workflow solutions for all sample types and applications.
