# ImmunO™

Rabbit Anti-Porcine IgM Serum

Catalog #: 64390

Lot #: 88143

**Form:** Lyophilized powder.

**Preparation:** This product is prepared in rabbits using immunogen isolated from porcine serum and purified by current chromatographic techniques. Solid phase immunoabsorption has been performed to ensure specificity. CFA was used as the adjuvant.

**Reconstitution:** Reconstitute with 2.0 ml of distilled water.

**Specificity:** By immunoelectrophoresis:

Antiserum vs. porcine serum produces one IgM band; vs. porcine IgG produces no band.

By immunodiffusion:

Antiserum vs. porcine serum produces one IgM band; vs. porcine IgG produces no band.

**Storage:** Store the lyophilized product at 2-8°C.
