

TECHNICAL INFORMATION

Catalog Number: 100691

Anthrone

Structure:

Molecular Formula: C₁₄H₁₀O

Molecular Weight: 194.22

CAS # : 90-44-8

Synonym: 9-10-Dihydro-9-oxoanthracene

Physical Description: Yellow crystalline powder

Description: For the determination of carbohydrates

Note: Protect from air oxidation

Solubility: Soluble in ethyl acetate

Reference:
