ImmunO_{MP}

Rabbit Anti-Bovine Serum Albumin
Catalog #: 65111
Lot #: S9239

Form

Lyophilized powder.

Total Protein

39 mg/mL, measured by refractometer.

Antibody Concentration

2.74 mg/mL, determined by immunoaffinity purification off an antigen containing immunosorbent.

Reconstitution:

2.0 ml of distilled water.

Preservative

Contains 0.1% sodium azide.

Immunizing Antigen

Highly purified bovine serum albumin.

Specificity

This antibody shows a single band of precipitation with whole bovine serum and purified BSA. The antiserum has not been assayed for interspecies cross-reactivity.

Expiration Date

08/17/2024

Storage

For continuous use, store at 2 - 8°C. For long-term storage, aliquot and keep frozen at or below -20°C. Avoid repeated freeze-thaw cycles.

A handwritten signature in black ink on a light gray background. The signature is stylized and appears to read 'F. An'.
